

# Ferry Hills State School Curriculum Overview

Year 5  
Term 4, 2024

## English

### Listening & Speaking

- Students will create a literary text (school anthem/song), using ideas from texts and experimenting with literary devices.

### Reading & Viewing

- Students will read, view and comprehend songs and poems through analysis.

### Writing & Creating

- Students will write a new school song which reflects the time and culture of the school and can be used on school assembly.

### Structured Literacy

- Students will participate in explicit daily lessons to develop handwriting, spelling, dictation, and vocabulary.

## Maths

### Number and Algebra

- use place value to write and order decimals including decimals greater than one.
- apply properties of numbers and operations to find unknown values in numerical equations involving multiplication and division.
- create and use algorithms to identify and explain patterns in the factors and multiples of numbers.

### Probability

- conduct repeated chance experiments, list the possible outcomes, estimate likelihoods and make comparisons between those with and without equally likely outcomes.

### Structured Numeracy

- participate in explicit daily lessons to develop fluency, reasoning, problem-solving skills, flexible thinking and a positive disposition towards Maths.

## Humanities & Social Sciences

Students will

- learn the purpose of businesses, business models and the relationships between producers, consumers, goods and services.
- examine human needs and wants and the three types of resources: human, capital and natural.

## LOTE - Japanese

Students will learn to write about personal spaces in their home in Japanese.

## Science

Students will:

- investigate structural and behavioural adaptations of animals and plants.

## The Arts - Music

Students will:

- explore the app garage band and create their own electronic composition
- analyse a folk song and perform using rhythm names, solfa and lyrics.
- listen to and respond to a piece of modern music

## Health & Physical Education

### Respectful Relationship Education

- analyse and rehearse protective behaviours and help-seeking strategies for online and offline
- describe strategies for seeking, giving or denying consent.
